### **Placing a Production on “Hold”**

We will be happy to place a non-binding “hold” on a production for your dates without charge. All requests for holds must be made in writing and will only be considered valid upon receipt of written confirmation by OCP. In the event that a hold is requested by more than one company then they will be honored in the order received. The hold will remain in place until canceled, in writing, by your company. OCP will continue to actively market the production during the hold period until a contract is signed and deposit received. When a second company requests a hold on the same production during an overlapping time period you will be asked to sign a rental agreement or the hold will be released.
